

Foremost® Tropical Flowering Plants

MANDEVILLA 'SUN PARASOL'

'Cream Pink'

'Dark Red'

'Pink'

'Crimson'

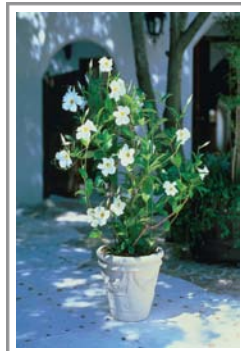

The Original Group *

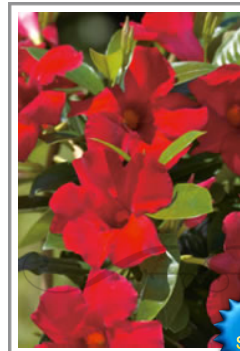

has a habit which is neat, upright, compact with good basal branching and glossy foliage. They are natural climbers and have excellent garden performance. Ideal as a patio, hanging basket, balcony, bedding and house plant.

'Giant Pink'

'Giant White'

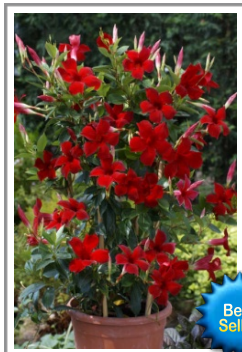

'Giant Crimson'

The Giant Group **

has very large flowers with vigorous growth. This group is most suited to traditional pot plant production. The flowering period is slightly later than the original group, but runs parallel with many other plants.

'Pretty Crimson'

'Pretty Pink'

The Pretty Group

is distinguished by its superior branching, shorter internodes, but still maintain vigorous growth. This group can be used as a traditional pot plant, but are also ideal for planting in small pots from 4-6 inches and as a hanging plant. There is no need for a support system in 4-6 inch pots. This group will bring added value to Sun Parasol and will indicate high quality and standards. Ideally suited to the balcony patio and bedding segments.
