

On the Move

Bodger Botanicals

Bodger Botanicals announces **Pell Greenhouses** of Hudsonville, Michigan, will be expanding its production of Bodger's vegetative cutting lines for the coming season. Liners produced at Pell will be consolidated and shipped from **Mast Young Plants** at Neal Mast Greenhouse in Grand Rapids, Michigan. The Bodger Botanicals program is offered exclusively through the Henry F. Michell Company. Liners will also be available in the U.S. through Welby Gardens in Denver, Colorado, and Pacific Plug and Liner in Watsonville, California.

Dosatron USA

Dosatron International, Inc., Clearwater, Florida, has named **Gary Berglund** as vice president western market sales. Gary brings with him a wealth of experience, which includes 20 years in the Air Force. Most recently he was a master distributor for Dosatron in the Pacific Northwest.

ForemostCo

ForemostCo, Miami, Florida, recently part-

nered with the owners of **Exotic Plant**, Luc Pieters and Caroline De Meyer, to supply their bromeliad varieties to the North American market. ForemostCo has started full production of tissue culture liners of the Exotic Plant bromeliad program at their Phoenix Foliage facility in Winter Garden, Florida. **David Kirwan**, general manager, is heading up the project.

McGregor Plant Sales

McGregor Plant Sales, Carlsbad, California, has partnered with the German company, Elsner PAC, to be the exclusive distributor of their unrooted geranium cuttings in the U.S. and Canada. The lineup includes a full range of zonal, ivy and Regal geraniums, as well as several novelties. www.mcgregor-plantsales.com

Hermann Engelmann Greenhouses

One of the best foliage growers on the planet, Hermann Engelmann Greenhouses, has been recognized as such by ECGC Distributors. This group of 12 of the largest independent garden centers in the country

has named Engelmann's as the recipient of its **2007 Award of Distinction**. The award goes to the interior plant grower that provides the most distinctive product and services for the year.

Project Evergreen

National non-profit organization Project EverGreen has announced the appointment of **Chris Kujawa** of Kujawa Enterprises, Inc. (KEI), to lead the organization through 2008 as president of the group's board of directors. He will succeed **Cindy Code** of GIE Media, Inc, one of the organization's founders, who served as president for the past two years. Project EverGreen expanded its Board of Directors to include Katie Bromm of Hines Horticulture, **Nick Cashier** of Cub Cadet, **Bill Nicholson** of Garick Corporation, and **Dale Siems** of Sherman Nursery. It also named current board member **Kirk Hunter** of Turfgrass Producers International to its officer group; and two current board members to its executive committee: **Dan Carrothers** of DataCore and **Alan White**, president of Project EverGreen Canada. ■
